| Scope of Responsibilities |
|--|
| <p>It is the end-user's responsibility, and in their best interest, to clarify the status of any remaining numbers and/or supplementary services with their current operator, and how the port of the numbers listed above will affect these.</p> <p>Coolwave will/can only port the phone numbers explicitly listed above, not any services or additional numbers that may be linked to the same connection/service by the end-user's current operator. Coolwave has no visibility or insight into the current operator's infrastructure or the end-user's number inventory. Coolwave does not have the authority or capability to give instructions to your current operator on this matter.</p> |

| Requestor's Details | | | |
|---|--|-------|--|
| <p>Requestor herewith authorises Coolwave Communications to port the afore mentioned numbers to the Coolwave Communications network. If the Requestor is not the end user, but an intermediary, then the intermediary herewith confirms that they have separately acquired the end user's explicit agreement to facilitate this port.</p> | | | |
